VICKERLUBE
BIO FLUSHING OIL

DESCRIPTION
VICKERLUBE BIO FLUSHING OIL is a biodegradable, ester-based oil made from renewable sources.

APPLICATIONS
VICKERLUBE BIO FLUSHING OIL is designed for use in systems which require decontamination prior to filling.

It is suitable for systems at high risk of water ingress and other contamination which could reduce operational efficiency. This makes it ideal for use in applications such as:

- Hydraulics
- Gearboxes
- Turbines
- Compressors
- Process Machinery
- Off-Highway Equipment

FEATURES AND BENEFITS

• Readily Biodegradable (>60%)	Reduced environmental impact in the event of a spillage
• Made from natural, renewable sources with a negative Product Carbon Footprint (including biogenic content)	Lower carbon footprint credentials to support organisational sustainability goals (Full data available on request)
• Compatible with ester-based lubricants, including hydraulic and gear oils	Enables clean system flushing between fills, removing old fluid and contamination without compatibility risk to the incoming charge
• Excellent demulsibility	Reliable performance in equipment with a high risk of water ingress

TYPICAL CHARACTERISTICS AND PROPERTIES

VICKERLUBE BIO FLUSHING OIL	TEST METHOD	Result
Appearance	Visual	Clear and Bright
Viscosity at 40°C (cSt)	ASTM D7042	40
Pour Point (°C)	ASTM D7346	-10 Max
Flash Point (°C)	ASTM D92	>200
Shelf Life	3 years from the date of manufacture in original containers and stored out of direct sunlight	

Vickers Oils, its officers, employees and agents assume no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with Vickers Oils for the provision of this information or advice and in that case responsibility or liability is exclusively on the terms and conditions set out in that contract. Products should only be used for the applications specified. The supplier cannot accept responsibility if used in any other applications.
