VICKERLUBE CLEANER SPRAY

GP General Purpose

DESCRIPTION

VICKERLUBE CLEANER SPRAY is a high performance, food grade, fast acting, nonresidue solvent cleaner spray. It is registered to K2 for spray solvent cleaners in food processing areas for use in and around food, beverage and pharmaceutical processing sites.

APPLICATIONS

VICKERLUBE CLEANER SPRAY is a multi-purpose solvent cleaner for use in workshops and food processing areas in the wider food industry. It removes grime, dirt, greases from all surfaces including electrical panels and instruments, motors, stators and switches.

Applications include: -

- Machinery and Equipment
- Electric panels
- Motors and components
- Most plastics

CERTIFICATION

VICKERLUBE CLEANER SPRAY is NSF K2 Registered for use in workshops and processing areas of food, beverage and pharmaceutical manufacturing plants

FEATURES AND BENEFITS

• NSF K2 Registered	Suitable for use in food processing areas
• Residue free	No extra processes to clean off
• Does not interfere with conductivity	Safe to use on electrical components
• Fast Acting	Saves time
• Removes most grease dirt and grime	Universal use

METHOD OF APPLICATION

Shake can thoroughly before use. Apply a thin even coating onto surface from approximately 15-30cm (6 to 12 inches). Apply VICKERLUBE CLEANER SPRAY sparingly. On electrical applications ensure the equipment is electrically isolated. To enhance the cleaning operation, a clean, dry, lint free cloth may be used with the cleaner. Ensure cleaner is completely dry and complete evaporation of vapours before re-connection to the mains. When using a product that is registered under K2, all food products and packaging materials must be removed from the area or carefully protected. Store in a cool, dry place, out of direct sunlight. Storage temperature should be below 50°C.
